Program Student Learning Outcomes

Upon completion of this degree from KSU, students will be able to:

1. Design, implement, and evaluate curriculum that promotes student learning.
2. Plan, implement, and evaluate instruction to facilitate student learning.
3. Apply their advanced knowledge and skills in their academic discipline and pedagogy to curriculum and instruction.
4. Apply their advanced knowledge of how students are influenced by cognitive, social, cultural, environmental, and economic factors to develop curriculum and deliver instruction that promotes student learning.
5. Use research to promote student learning and to contribute to the curriculum and instruction field.
6. Use multiple sources of assessment to maximize student learning.
7. Use high standards for professional practice in an educational setting.
