KENNESAW STATE UNIVERSITY

## WHAT IS THE MASTER CRAFTSMAN PROGRAM?

THE MASTER CRAFTSMAN PROGRAM AT KENNESAW STATE UNIVERSITY IS A STUDENT-DRIVEN PROGRAM THAT FOCUSES ON PROVIDING THE COMMUNITY WITH HIGH-QUALITY ARTWORK, WHILE AT THE SAME TIME PROVIDING STUDENTS WITH A HIGH-IMPACT LEARNING ENVIRONMENT.

STUDENTS WORK WITH CLIENTS TO DESIGN AND BUILD ARTWORK THAT MEETS THE SPECIFIC NEEDS OF THE CLIENT WHILE GAINING INVALUABLE REAL-WORLD EXPERIENCE.

WE SEEK TO HELP SHAPE THE COMMUNITY THROUGH CREATIVE PLACEMAKING BY ENGAGING WITH OUR PARTNERS THROUGH PUBLIC ART PROJECTS AND COMMUNITY ENGAGEMENT EVENTS.

# SGCI 2017 AT KENNESAW STATE

In March 2017, KSU hosted part of the Southern Graphics Council International printmaking conference. As part of the event, the Master Craftsman program was commissioned to design and fabricate six awards to be given out during the conference.

## LIVING WALL COLLABORATION WITH KSU COMMONS

This was a collaborative project with The Commons at KSU to produce a hydroponic herb wall for the dining hall on campus. Master Craftsman students built and installed the wall in May 2018.

The project is constructed of yellow pine with a shou sugi ban (burned wood) finish, stainless steel, laser-cut acrylic, PVC, and LED strip lights. The LEDs function as grow lights for the plants.

## COMMUNITY IRON POURS

The past two summers we have participated in the Railroad Rendezvous event at the Southern Museum as part of our community engagement efforts.

Funds raised from this go towards scholarship and departmental activities.
