

# Illustration • Animation • 3D Modeling

Although I am primarily an illustrator, I am constantly working on different projects ranging from but not limited to motion graphics and 3D modeling. I would love to some day combine all these mediums into one whimsical and daring project.

## Experience

### VR LAB at KSU

January 2021 - May 2021

3D Modeler

Create 3D assets for VR projects, UV map 3D assets, assign appropriate materials and textures to 3D models.

### Create Graphix

June 2019 - December 2019

Graphic Designer/Assistant & Receptionist

Designed various graphics according to clients' requests, provided customer service, and handled invoices/paperwork.

### Bread and Butter

March 2019 - July 2019

Shift Lead/Barista

Managed a team to provide customers with high quality service and coffee/food, took drink and food orders, and attentively crafted each customer's drink to their liking.

### Okko Ramen

December 2017 - January 2019

Server

Prepared restaurant tables, attended customers upon entrance, presented menus and helped customers select food/beverages, took and served orders

### Fullers Summer Day Camp

May 2018 - July 2018

Camp Counselor

Set up daily activities for children (aged 5-7), supervised camp activities, ensured the safety of the children, worked closely with fellow camp counselors, and communicated thoroughly with the children and their parents.
