Arch 4490: The Architecture and Material Culture of Barcelona (3 Credit Hours)  
May 14th – May 24th, 2025

For more information: <https://kennesaw.studioabroad.com>

Michael Carroll, Associate Professor of Architecture

The primary goal of this course is to strengthen student awareness of issues of materiality and material culture within the context of architectural design in Barcelona. Learning methods will take research into the “field”. Over a ten day period students will see and touch, first-hand, built works within the dense urban context of Barcelona.
