

Program Information

College:	Radow College of Humanities and Social Sciences
Department:	Geography and Anthropology
Program:	Geospatial Sciences, BS

Program Student Learning Outcomes

Upon completion of this degree from KSU, students will be able to:

- Demonstrate knowledge at an appropriate and effective level of expertise in geospatial techniques in GIS and/or remote sensing;
- Demonstrate communication skills effectively in written, oral, graphic/visual and interpersonal forms using correct terminology as well as appropriate cartography and graphicacy in the form of maps; and
- Demonstrate analytical skills that employ appropriate methodologies to address theoretical and practical issues that are solved using geospatial technologies.
