This course examines communication about end of life (EoL) in various contexts – from interpersonal to mediated contexts, from local to global contexts. When Swift and Chiefs' Tight End Travis Kelce went public with their relationship in September 2023, the NFL viewership landscape changed. Swifties, Taylor's fans, embraced football, and the Chiefs accepted Swift as a member of the Chief Kingdom so much so that Kansas City registered the highest viewership of the 2024 Grammys. Through the work of Taylor Swift, the NFL, and the Kelce brothers, we will discuss various marketing concepts and how they interact to form the Magic and Mayhem when fandoms collide.
