18. For Film's Sake: FY25 FFS Supplemental Budget Request: Julia Walsh

Every year since our RSO's inception we have created several short films. As our club has expanded, we use these events as a hands-on education experience for students interested in film-making.

Since KSU lacks practical film classes, we fill that gap for students who want to use industry standard gear and experience a professional set. We typically rent out rooms in various buildings on campus to film. We have a limited amount of space, so this is a first-come-first-serve opportunity. Ultimately, these events have inspired students to join the film industry, and many have helped KSU and their professors with marketing materials and film projects after learning on our sets.

Please provide a written statement below demonstrating that your organization effectively utilized the funds that were allocated to it to accomplish the goals for which those funds were awarded.

- In the Fiscal Year 2023-2024 the KSU Mock Trial Club was awarded \$4984.88. The Team utilized \$4,324.10 of this funding to register and attend tournaments throughout the Fall and Spring Semester. The Team paid for lodging at three tournaments as well as registration fees for three tournaments. The KSU Mock Trial Club relies on SABAC funding in order to travel for the Fall Semester. Two of these tournaments were in preparation for the AMTA Organized tournaments such as Regionals, ORCS, and Nationals.

Additionally, with the funding awarded to the RSO through SABAC we were able to expand the Club to allow more members to travel and compete against various schools representing KSU. The KSU Mock Trial Club had the

pleasure of being able to accommodate sending 20 members or two Teams to Regionals in the Spring of 2024 using SABAC funding. The KSU Mock Trial Team won first place at Regionals with a perfect score of 8-0 placing against notable schools such as Duke University, University of Georgia, and Florida State University. The RSO strives to provide an inclusive, fun, and educational experience that allows students the opportunities to network with lawyers and law students as well as a chance to visit the Campus of various Law Schools when visiting for tournaments.

Previous SABAC Funding

Please provide a written statement below demonstrating that your organization effectively utilized the funds that were allocated to it to accomplish the goals for which those funds were awarded.

- In the Fiscal Year 2023-2024 the KSU Mock Trial Club was awarded \$4984.88. The Team utilized \$4,324.10 of this funding to register and attend tournaments throughout the Fall and Spring Semester. The Team paid for lodging at three tournaments as well as registration fees for three tournaments. The KSU Mock Trial Club relies on SABAC funding in order to travel for the Fall Semester. Two of these tournaments were in preparation for the AMTA Organized tournaments such as Regionals, ORCS, and Nationals. Additionally, with the funding awarded to the RSO through SABAC we were able to expand the Club to allow more members to travel and compete against various schools representing KSU. The KSU Mock Trial Club had the pleasure of being able to accommodate sending 20 members or two Teams to Regionals in the Spring of 2024 using SABAC funding. The KSU Mock Trial Team won first place at Regionals with a perfect score of 8-0 placing against notable schools such as Duke University, University of Georgia, and Florida State University. The RSO strives to provide an inclusive, fun, and educational experience that allows students the opportunities to network with lawyers and law students as well as a chance to visit the Campus of various Law Schools when visiting for tournaments.

The field is much more competitive which benefits the campus community by having the school represented at a competition. Competing students will learn fundamental skills such as collaboration, logical thinking, public speaking, and sportsmanship with other competing schools.

1 Section, 4 Line Items

Section: Taste of Africa

4 Line Items / \$3,287.40

Expenses related to events and activities hosted by the RSO which are 1) on campus, 2) open to all KSU students, and 3) serve KSU students as the primary audience and beneficiaries. This cannot include regularly scheduled business meetings of the RSO or activities primarily involving only the members of the RSO.

Allowable Expenses: production costs (e.g. space rentals, staging, barriers, lighting, sound, etc.), speaker/artist fees, marketing materials for that specific program, food for student participants, prizes or giveaways, equipment rentals, other misc. event elements (e.g. paints and canvases for a "sips and strokes" event)

Prohibited Expenses: any item/food that will be used by a non-student participant, charitable donations, alcohol/tobacco/drugs or any other related illegal or restricted items, actual or in-kind contributions to campaigns/candidates/political parties, sales tax, any item that must be inventoried by the University (i.e. any good that is not intended to be used up at the event or distributed to participants; examples would include IT equipment, appliances, tools, etc.)

Spending Limit: Up to \$5,000 per approved event.

Venue Rental (Event Space on Campus) Rentals, No Real Estate (719100) (Expense)	1 x \$2,500.00	\$2,500.00
---	----------------	------------

We submitted a request from October 30th- November 2nd. On November 1st and 2nd, we have requested an entire AV team for our audio and visual needs, slideshows, stage setup, theater style seating, etc. On the document below, we have attached screenshots of the reservation and we attached the invoice from our annual African Night from 2023. This was held in the convocation center (not the entire space). We typically hold this event during the spring semester, however this gives a more accurate outlook on expected costs from an entire AV team, sound, light, visual, and venue usage. We are also aware that the KSU Center venue rental should not be as expensive as the Convocation Center, hence our estimate.

Culinary Exploration (Tasting of African food) Food & Meals, Non-Employees (Expense)	200 x \$2.50	\$500.00
--	--------------	----------

This sector is also apart of the Taste of Africa expenses. This is where we showcase our famous "small chops"! Meatpie is one of the popular street dishes back home, and what is a better way to integrate everyone in campus wide! We hope to do so by ordering 100 meatpies (\$2.50 each).

[Meatpie \(under appetizers\).pdf](#)

Culinary Exploration (Tasting of African Food (2)) Food & Meals, Non-Employees (Expense)	35 x \$2.50	\$87.50
---	-------------	---------

This is another popular food dish we would like the general population to try called puff puff. The caterer charges \$2.50 for every 3 pieces of puff puff.

[PUFF PUFF.pdf](#)

Food for the Cast (Pizza) Food & Meals, Students (727730) (Expense)	10 x \$19.99	\$199.90
--	--------------	----------

Lunch to feed the cast. Call time will be 12 PM and show time is 6:30 PM. Attached is a screenshot of an order of 10 pizzas (for an anticipated cast of 80-85 people) from dominoes pizza.

Previous SABAC Funding

Please provide a written statement below demonstrating that your organization effectively utilized the funds that were allocated to it to accomplish the goals for which those funds were awarded.

- During the previous school year, we submitted a request to SABAC for funding to produce Pre-Dental Club T-shirts. These shirts were designed to generate interest in the club and serve as a form of advertising to attract students interested in dental career pathways. Thanks to SABAC's support, we were able to produce enough shirts for everyone who wanted one, resulting in record-high attendance for our club.

This year, we plan to keep the club open to all Kennesaw State University students and create a new T-shirt design to attract even more interest. Before producing the new T-shirts, we will host our first meeting to introduce students to the club. Our objective is to bring together as many Kennesaw State students as possible to spread awareness about the field of dentistry. We aim to help students pursue their career goals and provide them with a supportive community. The first meeting will be the first of many to showcase the resources and support our club offers to the university community.

Proposed date(s) of program

- September 11, 2024

Please provide a detailed written description or descriptions of the specific programs, activities, or events the RSO intends to sponsor.

- We intend to host a DAT themed jeopardy night at the KSU Kennesaw campus which is open to all students. During this fun and interactive night we will focus on various subjects that are covered in the DAT including biology, chemistry, organic chemistry, perceptual abilities, reading comprehension, and quantitative reasoning. Students will create teams and compete with one another by answering questions within these categories and gaining points by answering more questions correctly.

The event is intended to test students knowledge as well as building a sense of community among students. By working in teams, students are able to collaborate with their peers and form friendships within one another. During this event we will also teach students about different coping and stress relieving exercises they can use during their testing day if they feel overwhelmed.

Apologies for the delay! The \$2500 you offered is fine. Do you have a specific date in mind? The sooner you can get that to me the better so I can block off Nic's calendar. Also is there a contract/MOU to send over for Nic's signature?

thanks!

Be well.

Previous SABAC Funding

Please provide a written statement below demonstrating that your organization effectively utilized the funds that were allocated to it to accomplish the goals for which those funds were awarded.

- In 2023, five Kennesaw State students were able to travel to Los Angeles, CA for the WE 23 conference. The funds were successfully utilized to purchase five round trip plane tickets to Los Angeles, five registration fees to attend the conference, and three hotel rooms to house the students during the conference. We worked with our business operations specialist, Louise Irizarry and a travel agent to more effectively accomplish the goals presented to the SABAC board. The students were able to network and interview with companies in attendance at the conference and grow from the experience.

However, this specific topic is subject to change! We hope to build a comfortable and social environment where we can provide snacks and drinks!

Previous SABAC Funding

Please provide a written statement below demonstrating that your organization effectively utilized the funds that were allocated to it to accomplish the goals for which those funds were awarded.

- We were provided funds to decorate our screening and awards ceremony, an event we call the "FOSCARS". SABAC funds allowed us to create a "red-carpet" look to our event, as well as provide a professional photographer, that allowed our members and non-members alike to enjoy themselves. This event is our biggest student-outreach event of the year, and with the funding provided we were able to advertise and bring in our biggest turn out ever: over 200 students!

Please provide a detailed written description or descriptions of the specific programs, activities, or events the RSO intends to sponsor.

- Every year since our RSO's inception we have created several short films. As our club has expanded, we use these events as a hands-on education experience for students interested in film-making. Since KSU lacks practical film classes, we fill that gap for students who want to use industry standard gear and experience a professional set. We typically rent out rooms in various buildings on campus to film. We have a limited amount of space, so this is a first-come-first-serve opportunity. Ultimately, these events have inspired students to join the film industry, and many have helped KSU and their professors with marketing materials and film projects after learning on our sets.

Rhude House is a production company owned by two former KSU students. Due to their participation in our club, they are providing us a discounted gear package to supplement our sets, since KSU does not have the gear and lighting available to allow us to create our films. This gear package will include several lights of various intensity, gels, c-stands, flags, clamps, and other related miscellaneous gear – such as extension cords- that will allow us to continue to create and provide KSU students the opportunity to learn with industry standard gear.

Please provide a written statement below demonstrating that your organization effectively utilized the funds that were allocated to it to accomplish the goals for which those funds were awarded.

- We are competition team looking to introduce students to the world of structural design and replicate our own competition on a smaller scale for new and interested students. We need funding for the providing students with the materials they would need: popsicle sticks, hot glue sticks, and a hot glue gun. We need several of these items packaged for each student looking to enter. A popsicle bridge contest allows students to think through the design of their bridges in order to hold the most weight and win the contest. The contest is an easier way for students to build something that they can see be tested against other builds. By the end of the contest, we hope that students are further interest to join our team and build a large scale steel bridge for our own competition, or at the very least explore their curiosity in other engineering fields such as structural.
