-- Thank you for your time and consideration! Kennesaw States Model United Nations (MUN) team has been granted SABAC's max or near max funding for the past three fiscal years, and has always used it's funding to give as many students as possible the opportunity to engage in unique MUN conferences that they would otherwise be unable to engage in. Most recently, for FY24, we used a majority of our funding for the annual Atlanta Southern Regional Model United Nations Conference (SRMUN), as well as the annual Charlotte Southern Regional United Nations Conference. These conferences are instrumental in the development of students experience in international affairs, public speaking, public relations, and collaboration with notable school around the United States. These qualities fall directly inline with the mission of our RSO. Not only that, but it also provides students with the chance for students to engage with the broader diplomatic community, something not offered by many other communities or organizations. It allows these students to participate in these events at relevant diplomatic locations as well. These events have consistently been approved and their benefits have been acknowledge. As far as official numbers, FY24 saw an approval for \$1,695 for the Atlanta SRMUN Conference, and a \$3,268 approval for the Charlotte SRMUN Conference. These funds were used accordingly as can be seen in the three purchase requests made during the FY24.

Please provide a written statement below demonstrating that your organization effectively utilized the funds that were allocated to it to accomplish the goals for which those funds were awarded.

-- Thank you for your time and consideration! Kennesaw States Model United Nations (MUN) team has been granted SABAC's max or near max funding for the past three fiscal years, and has always used it's funding to give as many students as possible the opportunity to engage in unique MUN conferences that they would otherwise be unable to engage in. Most recently, for FY24, we used a majority of our funding for the annual Atlanta Southern Regional Model United Nations Conference (SRMUN), as well as the annual Charlotte Southern Regional United Nations Conference. These conferences are instrumental in the development of students experience in international affairs, public speaking, public relations, and collaboration with notable school around the United States. These qualities fall directly inline with the mission of our RSO. Not only that, but it also provides students with the chance for students to engage with the broader diplomatic community, something not offered by many other communities or organizations. It allows these students to participate in these events at relevant diplomatic locations as well. These events have consistently been approved and their benefits have been acknowledge. As far as official numbers, FY24 saw an approval for \$1,695 for the Atlanta SRMUN Conference, and a \$3,268 approval for the Charlotte SRMUN Conference. These funds were used accordingly as can be seen in the three purchase requests made during the FY24.

NRFSAs requests hotel travel expenses for any students who want to attend the National Retail Federation (NRF) Foundation Student Program 2025 in New York City, scheduled for January 9th-12th. This premier event is a critical opportunity for students to gain valuable insights, network with industry leaders, and represent Kennesaw State University nationally.

Process	Supplemental Budget Request

1 Section, 1 Line Item

Section: NRF Foundation Student Program 2025

1 Line Item / \$1,130.90

For each trip entry your RSO is requesting SABAC funding you are required to add a "Travel Support Funding" section to your budget request. You are required to rename each "Travel Support Funding" section to match the Trip Name you previously provided within the "Background" section of the budget request process.

Trips must be itemized and cannot be submitted as a "lump sum." Be sure to provide documentation for each line item expense (e.g. air travel, lodging, rental car, mileage, etc.).

Expenses related to organizational travel off campus. Travel must be for the expressed purpose of representing the RSO and KSU at a local, regional, national, or international conference and/or competition that relates to the purpose of the RSO.

Allowable Expenses- registration costs, lodging costs, travel costs (including airfare, public transit, and mileage reimbursement), parking fees, airport shuttle fees

Prohibited Expenses- food of any kind, materials of any kind (including presentation boards, printing, and clothing), any costs associated with non-students (e.g. staff advisor), sales tax

Spending Limits: \$500 max per student per trip; \$1,500 max per student per fiscal year; \$5,000 max per RSO per fiscal year.

NOTE: Kennesaw State University continues to suspend all current year University-sponsored international and domestic travel. RSOs and departments may submit travel requests as part of SABAC's FY22 annual budget review process. Approval of FY22 travel funds is conditional, and funds may only be released if current travel restrictions are withdrawn.

Tempo by Hilton New York Lodging (651140) (Expense)	1 x \$1,130.90	\$1,130.90
--	----------------	------------

Students will stay at "Tempo by Hilton New York," which is close to the conference. Two students will share a room. We requested funding last SABAC Supplemental funding meeting and based off prices changing frequently, we realized that we would need to request more to pay for those students who would like to attend the conference. As we are close to our \$5,000 budget request for travel for the year, we would like to specifically allocate the remainder of what we already asked for toward lodging. This screenshot attached gives proof of where we are getting our numbers from, as we are aware that SABAC cannot fully grant us funding on the screenshot due to the \$5,000 limit. We are also mindful that SABAC will not be able to fund taxes and that NRFSA will be responsible for that part of the funding.

Promotional Funding Distribution Plan How will your RSO distribute materials and/or who can receive them?

Flyers and handouts will be made available at regular club meetings and during workshops or speaker events. This ensures that both existing and prospective members are informed about upcoming events, projects, and collaborations.

Hackathons and Competitions:

During on-campus hackathons and tech competitions, AI Club members will distribute promotional materials to participants, including students from other organizations and colleges, to encourage networking and potential membership.

Campus Bulletin Boards and Digital Platforms:

Posters and digital flyers will be displayed on bulletin boards across high-traffic areas of the campus, including the College of Computing and Software Engineering building. Additionally, digital versions will be shared on the club's social media platforms and through KSU's online channels.

Giveaways and Engagement Incentives:

Travel Support Funding

Previous SABAC Funding

Please provide a written statement below demonstrating that your organization effectively utilized the funds that were allocated to it to accomplish the goals for which those funds were awarded.

-- In the Fiscal Year 2023-2024 the KSU Mock Trial Club was awarded \$4984.88. The Team utilized \$4,324.10 of this funding to register and attend tournaments throughout the Fall and Spring Semester. The Team paid for lodging at three tournaments as well as registration fees for three tournaments. The KSU Mock Trial Club relies on SABAC funding in order to travel for the Fall Semester. Two of these tournaments were in preparation for the AMTA Organized tournaments such as Regionals, ORCS, and Nationals. Additionally, with the funding awarded to the RSO through SABAC we were able to expand the Club to allow more members to travel and compete against various schools representing KSU. The KSU Mock Trial Club had the pleasure of being able to accommodate sending 20 members or two Teams to Regionals in the Spring of 2024 using SABAC funding. The KSU Mock Trial Team won first place at Regionals with a perfect score of 8-0 placing against notable schools such as Duke University, University of Georgia, and Florida State University. The RSO strives to provide an inclusive, fun, and educational experience that allows students the opportunities to network with lawyers and law students as well as a chance to visit the Campus of various Law Schools when visiting for tournaments.

-- The approval of this request would allow students to gain trial experience by presenting as an attorney and/or witness. This tournament is hosted by AMTA, our national Mock Trial Organization, and the playing field is extremely competitive and is the last tournament before Nationals. This trip will teach students how to practice their objections and courtroom presence. This benefits the campus community by having the school represented at a competition. Competing students will learn fundamental skills such as collaboration, logical thinking, public speaking, and sportsmanship with other competing schools.

Budget Request: WIA Meeting Refreshments and Event Specific Flyers

Because we know coming to club meetings on Fridays can be a little out of the way for some students, we want to create an inviting environment for students to participate in our club activities and provide snacks and drinks to encourage them to bring a friend along! Budget Request: CU*IP Travel Expenses Request

The CU*IP conference is a regional conference for undergraduate physics majors who are women or part of gender minorities. Kennesaw Ladies in Physics (KLIP) will have students presenting three posters at the conference. KLIP has chosen to attend this conference to allow undergraduate students to present their research at a conference where they can meet other women and minorities in physics. Presenting research posters is primarily done by graduate students, so we hope that by allowing our undergraduate students to present they will be better prepared for their future careers as researchers. The event is also a great place to network with other women and gender minorities in STEM. We hope that our club will leave this event inspired to take on their future careers and create greater opportunities for future women and gender minorities in STEM. The funding will help pay for the KLIP's transportation travel expenses for the conference.

NOTE: Kennesaw State University continues to suspend all current year University-sponsored international and domestic travel. RSOs and departments may submit travel requests as part of SABAC's FY22 annual budget review process. Approval of FY22 travel funds is conditional, and funds may only be released if current travel restrictions are withdrawn.

Lodging for 30 students as we have had an influx of members from last year. We will be there from May 1st (Check-in Night) to May 4th (Check-out Day). This number is based on our traveling expenses from last year where we had spent close to this amount last year.
